TO : D/OLL DD/OLL <i>5-8/86</i>		DATE OF REQUEST 1/21/86
FROM : Chief, Legislation Division, OLL		SUSPENSE DATE
SUBJECT : D/OLL Letter to House Law Revision Counsel		
<p>NOTES</p> <p>The Office of Management and Budget has finally cleared off on our letter to the House Law Revision Counsel on H.R. 3321, the immigration codification bill. You will recall that this is not the major "immigration reform" bill (i.e., Simpson-Mazzoli, Simpson-"Nobody", Simpson-Rodino) but rather a codification bill to codify (i.e., make the United States Code version of the law the official version) the immigration & naturalization laws as found in Title 8 of the code.</p> <p>We had two objections to the bill. First, it transfers the Agency's Section 7 authority from the CIA Act to the general immigration laws. Second, it would arguably change the standard for invocation of that authority. By notifying the Law Revision Counsel of these objections, we hope that they will be addressed in the next revision of the bill.</p> <p>With OMB's clearance, we ask that you sign the letter.</p>
